Microsoft Copilot Prompt-a-Thon Workshop for School Leaders (MCPW)

COURSE OVERVIEW

New skills for a new way of working

- AI offers tremendous potential to empower workers around the world—but only if everyone, everywhere has the skills to use it. Microsoft is focused on ensuring people in every community and every classroom have access to the skills needed to succeed in an AI-enabled economy.

Supporting educational institutions with professional development opportunities

- AI skills are in demand across every industry and sector. As part of Microsoft's AI Skills initiative, Microsoft is offering curriculum, resources, and training to support faculty and educators who provide or are interested in providing training and enablement for student AI skilling.
- This instructor-led workshop, delivered by Sunset Learning Institute, aims to help school leaders gain a comprehensive understanding of Copilot, its applications, and effective utilization in educational settings. The workshop provides practical strategies for implementing AI at scale safely and securely. By demystifying AI, participants can confidently implement these technologies in their educational settings, driving progression and modernization in this era of AI.
- The audience for the Microsoft Copilot Prompt-a-thon for School Leaders includes Administrators, Deans, Provosts, Presidents, Principals, Vice-Chancellor, Superintendents, and those on Educational Leadership Teams.
