

# Enhance Endpoint Security with Microsoft Intune & Microsoft CoPilot (MD-4011)

## COURSE OVERVIEW

This learning path will teach you the essentials of Microsoft Intune, advanced threat detection and response with Microsoft Copilot for Security, and how to optimize the integration between Intune and Copilot.

## PREREQUISITES

- Basic understanding of IT security principles.
- Familiarity with Microsoft Intune.
- Experience with device management in an enterprise environment.
- Knowledge of Microsoft Entra ID.
- Access to Microsoft Intune and Copilot for Security tools for hands-on practice.

## COURSE OBJECTIVES

Students will learn to:

- Discover Microsoft Intune Essentials
- Unlock Insights with Microsoft CoPilot for Security
- Optimize Microsoft Intune for Microsoft CoPilot for Security Integration

## COURSE OUTLINE

Discover Microsoft Intune Essentials:

- Explore core features of Microsoft Intune
- Understand device management capabilities
- Effectively secure and manage applications
- Integrate security and compliance
- Optimize deployment strategies with Intune
- Unify management across platforms with Microsoft Intune

Unlock Insights with Microsoft CoPilot for Security:

- Discover Microsoft Copilot for Security
- Understand How Microsoft Copilot for Security Works
- Explore Microsoft Copilot for Security Experiences
- Deploy Microsoft Copilot for Security for Enhanced Security
- Utilize Prompts in Microsoft Copilot for Security
- Incorporate Promptbooks in Microsoft Copilot for Security
- Explore New Features in Microsoft Copilot for Security
- Explore New Features in Microsoft Copilot for Security

Optimize Microsoft Intune for Microsoft CoPilot for Security Integration:

- Understand the benefits of Microsoft Copilot for Security and Intune
- Implement strong naming conventions
- Rename a device in Microsoft Intune
- Add groups in Microsoft Intune to organize users and devices
- Understand authentication in Microsoft Copilot for Security
- Integrate Microsoft Copilot for Security with Microsoft Intune
- Leverage prompting features in Microsoft Copilot for Security
- Sample prompts for Microsoft Intune

---

## **WHY TRAIN WITH SUNSET LEARNING INSTITUTE?**

Sunset Learning Institute (SLI) has been an innovative leader in developing and delivering authorized technical training since 1996. Our goal is to help our customers optimize their technology Investments by providing convenient, high quality technical training that our customers can rely on. We empower students to master their desired technologies for their unique environments.

What sets SLI apart is not only our immense selection of trainings options, but our convenient and consistent delivery system. No matter how complex your environment is or where you are located, SLI is sure to have a training solution that you can count on!

### **Premiere World Class Instruction Team**

- All SLI instructors have a four-year technical degree, instructor level certifications and field consulting work experience
- Sunset Learning has won numerous Instructor Excellence and Instructor Quality Distinction awards since 2012

### **Enhanced Learning Experience**

- The goal of our instructors during class is ensure students understand the material, guide them through our labs and encourage questions and interactive discussions.

### **Convenient and Reliable Training Experience**

- You have the option to attend classes live with the instructor, at any of our established training facilities, or from the convenience of your home or office
- All Sunset Learning Institute classes are guaranteed to run – you can count on us to deliver the training you need when you need it!

### **Outstanding Customer Service**

- You will work with a dedicated account manager to suggest the optimal learning path for you and/or your team
- An enthusiastic student services team is available to answer any questions and ensure a quality training experience

**Interested in Private Group Training?**
