

Build Connectors & Plugins for MS Copilot for MS 365 (MS-4010)

COURSE OVERVIEW

This training course is designed to help you understand the extensibility options available for Microsoft Copilot for Microsoft 365. You learn about the different ways to extend Copilot, including building plugins and connectors, and how to choose the right option for your use case. The course also covers best practices for building high-quality plugins and connectors, as well as data, privacy, and security considerations. Whether you're a pro-code or low/no-code developer, this course helps you chart your path to extending and customizing Copilot for Microsoft 365.

PREREQUISITES

Familiarity with Microsoft Copilot, Microsoft Teams, and Microsoft 365

COURSE OBJECTIVES

Learn how to develop a strategy to enhance Copilot for Microsoft 365 with custom skills and organizational knowledge, focusing on plugins and connectors to improve efficiency and productivity across applications. It details the options for extending Copilot, emphasizing the integration of these extensions to maximize the tool's potential.

COURSE OUTLINE

Microsoft Copilot Extensibility Fundamentals

- Introduction
- Extension Fundamentals
- Add Knowledge with Graph Connectors
- Add Skills with Plugins
- Build Your Own Copilot

Choose a Copilot Extensibility Development Path

- Introduction
- Why Extend Copilot
- Which Path for Extensibility Should you Choose
- What are the Benefits and Limitations
- Optimize Your Plugin for Copilot for Microsoft 365
- How will you use Your Plugin or Connector
- Apply Data, Privacy, and Security Practices when Developing Your Plugin or Connector

Guided Project - Build a Message Extension Plugin with TypeScript (TS) for Microsoft Copilot

- Introduction
- Prepare Your Development Environment

- Exercise 1 - Run the Sample as a Message Extension
 - Exercise 2 - Run the Sample as a Copilot Plugin
 - Exercise 3 - Add a New Command
 - Exercise 4 - Explore the Plugin Source Code
-

WHY TRAIN WITH SUNSET LEARNING INSTITUTE?

Sunset Learning Institute (SLI) has been an innovative leader in developing and delivering authorized technical training since 1996. Our goal is to help our customers optimize their technology Investments by providing convenient, high quality technical training that our customers can rely on. We empower students to master their desired technologies for their unique environments.

What sets SLI apart is not only our immense selection of trainings options, but our convenient and consistent delivery system. No matter how complex your environment is or where you are located, SLI is sure to have a training solution that you can count on!

Premiere World Class Instruction Team

- All SLI instructors have a four-year technical degree, instructor level certifications and field consulting work experience
- Sunset Learning has won numerous Instructor Excellence and Instructor Quality Distinction awards since 2012

Enhanced Learning Experience

- The goal of our instructors during class is ensure students understand the material, guide them through our labs and encourage questions and interactive discussions.

Convenient and Reliable Training Experience

- You have the option to attend classes live with the instructor, at any of our established training facilities, or from the convenience of your home or office
- All Sunset Learning Institute classes are guaranteed to run – you can count on us to deliver the training you need when you need it!

Outstanding Customer Service

- You will work with a dedicated account manager to suggest the optimal learning path for you and/or your team
- An enthusiastic student services team is available to answer any questions and ensure a quality training experience
